Author and Subject Indexes—Volume 22, 1987

Author Index

AGARWALA BN: Long, thin infant with congestive heart failure. 9:190
ALBERTS WM*: Bilateral lung infiltrates in a dialysis patient. 6:318
ALLEN PM*: Immunoregulatory role of the macrophage. 4:87
ALTUS P: Infected hand injury in a hypertensive patient. 10A:24
ALTUS P*: Elderly man with shoulder pain, dyspnea. 4:139
AMSTER LJ: Carlos J. Finlay: the mosquito man. 5:223
ANDREOLI TE: Physiology in Medicine: the endocrine series. (editorial) 3:13
Physiology in Medicine: the renal series. (editorial) 9:13
ANTHONISEN NR: Home oxygen therapy. 11A:25
ANTONARAKIS SE: Hemophilia A persistence and gene mutational vulnerability. 12:93
AUBIER M: What is failing in respiratory failure? (editorial) 1A:6
AUERBACH SH: Postconcussive syndrome: formulating the problem. (editorial) 10A:9
AVIOLI LV: Primary hyperparathyroidism: recognition and management. 9A:69
BAUMGARTNER D*: Four misdiagnoses of acute abdominal pain in a young woman. 8:236
BELAK AG Jr*: Medical ethics grand rounds: brain death in a murder victim: a medicolegal dilemma. 4:251
BENDINER E: At Karolinska, research is highly prized. 10:187
MRC today: British science at the crossroads. 7:35
Of peas, fruit flies, and the birth of a science. 3A:116
Semmelweis: lone rager against puerperal fever. 2:194
World health: a dream deferred. 6:257. *See also* erratum 9A:21
BERGMAN MM, GLECKMAN RA: Atypical pneumonia and an unexpected pathogen. 5:29
BERNHARD JD: Itching as a manifestation of noncutaneous disease. 1A:81
BIDOT-LOPEZ P, CASELLAS JF, HULME CD: Hypoglycemia: factitious or felonious? 5:125
BISSELL L*: Integrative clinicopathological conference: impaired physician. 2:58A
BOGGS DR: Conversations with a Chinese editor. 6:52
BOYCE GA*: Hyperalimentation: primary therapy for IBD? 5:173
BOYCE HW Jr*: Hyperalimentation: primary therapy for IBD? 5:173
BRANDT KD, RADIN E: Physiology of articular stress: osteoarthrosis. 1:103
BRANDT LJ: Colitis in the elderly. 6:165. *See also* erratum 8:25
BRESSLER R: Multiple drug use in an elderly man. 7:111
BRINSTER RL*: Gene transplants into germ cells. 9:77
BUKANTZ SC: Gold in the balance pan. (editorial) 1:15
BURENKO M*: Bilateral lung infiltrates in a dialysis patient. 6:318
BUTLER RN: 'User fee' approach to financing Medicare. (editorial) 11:10
BZURA GE*: 30-year-old woman with 70 hospitalizations. 2:74
CALDRONEY RD: Periodic health examination. 7:189
CAPINO D, LEIBOWITZ HM: Elderly patient with cataract. 3A:19
CARLILE J*: Apneic infant with blood in his eyes. 10:169
Stupor, stiff neck, and fever after closed-head injury. 3A:137
Vaginal discharge in a two-month-old infant. 10A:38
CASELLAS JF*: Hypoglycemia: factitious or felonious? 5:125
CASKEY CT: Genetic therapy: somatic gene transplants. 8:181
CHAPMAN MD*: Dust mite allergy: its clinical significance. 9:91
CHERNIACK RM: Continuity of care in asthma management. 9:119
CHOKHAVATIA S, GALLIANO E: Arrhythmia that converted spontaneously in the ER. 7:241
CLARK DB*: Medical ethics grand rounds: brain death in a murder victim: a medicolegal dilemma. 4:251
CLARK DB, KRAUS RK, NAHUM DD, HYDE GL, COSTICH J, BISSELL L, ENGELBERG J: Integrative clinicopathological conference: impaired physician. 2:58A
COHEN LS: Management of patients after myocardial infarction. 4:149
CONLEY CL: Polycythemia vera: diagnosis and treatment. 3:181
CONN HO: Endoscopic sclerotherapy: the state of the art 1987. (editorial) 11A:9
CONSTANT J: Right ventricular failure in COPD—a 'physical' illusion. 10A:94
COPE D, CARLILE J, LAZERSON J: Stupor, stiff neck, and fever after closed-head injury. 3A:137
COSTICH J*: Integrative clinicopathological conference: impaired physician. 2:58A
COVINO NA, WARFIELD CA: Psychological testing of patients in pain. 6:39
COWEN D*: Medical ethics grand rounds: brain death in a murder victim: a medicolegal dilemma. 4:251
CROSBY WH: Hemochromatosis: current concepts and management. 2:173. *See also* letter 5:25
CRYER PE: Defense of euglycemia: failure in insulin-dependent diabetes. 3:81
DANOWITZ JS: Alcoholic woman with acute abdominal pain. 3:104
Back pain and a nonproductive cough. 9:51
Second-degree heart block after spontaneous abortion. 4:29
DAVID AK*: Integrative clinicopathological conference: myocardial deterioration in a young mother. 3:215
DECKERS PJ: Current strategies in operable breast cancer. 1A:41
DEMARIA AN*: Integrative clinicopathological conference: myocardial deterioration in a young mother. 3:215
DESCHNER KW*: Differential diagnosis of jaundice. 5:99
DEVITA VT Jr, ROPER M: Emergence of biologicals as cancer treatment: the good news and the bad. (editorial) 2:15
DINOME MA, YOUNG JD-E: How lymphocytes kill tumor and other cellular targets. 5A:59
DISAIA PJ: Diagnosis and management of ovarian cancer. 4:235
DOBKIN BH: Management of transient ischemic attacks. 3:113
DOLIN R: Genital lesions and aseptic meningitis. 10A:27
DOLOVICH J, HARGREAVE FE: Late-phase reaction: something for the clinician. (editorial) 10:13
DONALDSON RM Jr: Dyspepsia: the broad etiologic spectrum. 9A:41
DUNCAN SR*: Cough and spiking fever in a transfusion-dependent woman. 3:25
Hemoptysis, large lung 'abscess' in alcoholic man with bad teeth. 6:70
DUNCAN SR, RIZK N, RAFFIN TA: Antigen that was heard but not 'seen.' 2:226
Young woman on a prednisone seesaw. 3A:82
EISENBARTH GS: Type I diabetes: clinical implications of autoimmunity. 9:167
ENG E*: Integrative clinicopathological conference: ordeal of a Vietnam veteran. 5A:105
ENGELBERG J*: Integrative clinicopathological conference: impaired physician. 2:58A
Integrative clinicopathological conference: myocardial deterioration in a young mother. 3:215
Integrative clinicopathological conference: ordeal of a Vietnam veteran. 5A:105
Medical ethics grand rounds: brain death in a murder victim: a medicolegal dilemma. 4:251
EPSTEIN M*: Calcium antagonists and the kidney. 1:63
ESPINOZA LR*: Cardiac tamponade in a healthy young woman. 7:128
ETTINGER DS, WILCOX PM: Benign breast disorders: a symptomatic approach. 9A:75
EWY GA: Evaluation of the neck veins. 3A:72
FAXON DP: Current status of coronary angioplasty. 3A:59
FINE LG: Uremic syndrome: adaptive mechanisms and therapy. 9:63
FIREMAN P: Newer concepts in otitis media. 11A:85
FISHER DW: AIDS and hemophilia: a cruel paradox. (editorial) 4:15
Cruel paradox of AIDS: a letter and a reply. (editorial) 6:13
Editorial diversity. (editorial) 12:13
FITZGERALD PA*: Euthyroid sick or 'hyperthyroid sick'? 10A:113
FLINK EB: Magnesium deficiency: causes and effects. 2:116A
FOLEY JJ, WARFIELD CA: Selecting an appropriate NSAID. 4:54
FOLSTEIN MF*: Mini-Mental State Exam in clinical practice. 1A:99
FONTE CE, CARLILE J, LAZERSON J: Vaginal discharge in a two-month-old infant. 10A:38
FROHLICH ED: Initial therapy for hypertension. 5:89
GALLA JH, LUKE RG: Pathophysiology of metabolic alkalosis. 10:123
GALLIANO E*: Arrhythmia that converted spontaneously in the ER. 7:241
GANZ W: Thrombolysis in acute myocardial infarction. (editorial) 5A:9
GARCIA W*: Cardiac tamponade in a healthy young woman. 7:128

*Joint author

GILBERT R, WARFIELD CA: Evaluating and treating the patient with neck pain. 8:223

GINTER WT, ENG E, ENGELBERG J: Integrative clinicopathological conference: ordeal of a Vietnam veteran. 5A:105

GLASSER SP*: Paradoxical response to arrhythmia therapy. 10:225

GLATT AE: 8-year history of pulmonary emboli, deep-vein thrombosis. 5:247
Hemophiliac man with an oozing flank mass. 3:45
Widening waistline and 25-pound weight loss. 12:66

GLECKMAN RA*: Atypical pneumonia and an unexpected pathogen. 5:29

GOLD DD Jr: Two misdiagnoses of disturbed ex-soldier. 3:241

GOLDMAN DS*: Respiratory distress in man with prosthetic valve. 5:256

GOLDSCHMID S, BOYCE GA, BOYCE HW Jr: Hyperalimentation: primary therapy for IBD? 5:173

GOLDZIEHER JW, POINDEXTER AN: Medical aspects of contraception. 3A:93

GONZALEZ FJ*: P450 genes and evolutionary genetics. 3:63

GOODMAN RC*: Hypoglycemia: pathophysiology and diagnosis. 11A:45

GORBY GL*: Diagnostic value of fever patterns. 10A:103

GORELICK PB, GREENBERG MS: Three cases: clinical clues and red herrings. 8:245

GORMAN ES, WARFIELD CA: Of pain, pain relief, and pain 'clinics.' 7:136
Opioid-dependent patient with acute pain. 11:113
Pain syndromes in musicians. 2:68
Temporomandibular joint syndrome. 5:134

GRABOYS TB: Ventricular arrhythmias: to treat or not to treat? (editorial) 11A:7 (1986). *See* letter 3A:16 (1987)

GRAY LA Jr*: Integrative clinicopathological conference: myocardial deterioration in a young mother. 3:215

GREENBERG MS*: Three cases: clinical clues and red herrings. 8:245

GREENBERG SB: 'Sick with the flu' for five years. 1:95

GRIFFIN JE, WILSON JD: Syndromes of androgen resistance. 8:159

HADLER NM: Patient with low back pain. 10A:17

HAGER D, KATZ AM: Treating cardiac ischemia: pathophysiologic guidelines. 6:213

HALLE A, REPASY A: Classic heatstroke: a serious challenge for the elderly. 5A:26

HAMMAMI M*: Euthyroid sick or 'hyperthyroid sick'? 10A:113

HANCOCK EW: (*see* ECG Casebook). *See also* letter 6:18

HARGREAVE FE*: Late-phase reaction: something for the clinician. (editorial) 10:13

HESKETH PJ: Evaluation and treatment of testicular cancer. 9A:87

HEYMANN PW*: Dust mite allergy: its clinical significance. 9:91

HIGH DM*: Medical ethics grand rounds: brain death in a murder victim: a medicolegal dilemma. 4:251

HILDRETH EA: Anaphylactoid reactions to iodinated contrast media. 5A:77. *See also* letter 11A:21

HIRSCHHORN R: Adenosine deaminase deficiency. 6:149

HOLLINGER FB: Serologic evaluation of viral hepatitis. 2:101

HOLLOWAY JD*: Paradoxical response to arrhythmia therapy. 10:225

HOLLOWAY JD, GARCIA W, ESPINOZA LR: Cardiac tamponade in a healthy young woman. 7:128

HUBBARD SM: When cancer information is needed PDQ. 10:84

HULME CD*: Hypoglycemia: factitious or felonious? 5:125

HURST JW*: Abdominal aortic aneurysm: treatment decisions in a complex case. 6:105. *See also* letter 8:25

HYDE GL*: Integrative clinicopathological conference: impaired physician. 2:58A

IHDE DC: Paraneoplastic syndromes. 8:105

JACOBSON HR: Diuretics: mechanisms of action and uses. 12:129

JEFFERS L: Epigastric pain and spiking liver enzymes. 3A:113
Hemolytic anemia with jaundice and ascites. 5A:38

JOHNSON K*: 'Elephant man' with severe hypertension. 11:193

JOSEPH SC: Toward a national AIDS prevention strategy. (editorial) 8:15

KALINER MA: Late-phase reaction and its clinical implications. 10:73

KANDEL G, PROKIPCHUK EJ: Bowel obstruction in 'burned out' Crohn's. 7:142

KANNEL WB: Cardiovascular risk factors and preventive management. 10:147

KASSIREER JP, KOPELMAN RI: (*see* Clinical Problem Solving)

KATZ AM: Physiologic approach to the treatment of heart failure. 2:117

KATZ AM*: Treating cardiac ischemia: pathophysiologic guidelines. 6:213

KEOWN PA, STILLER CR: Cyclosporine: a double-edged sword. 5:207

KERLIKOWSKE K, FITZGERALD PA, HAMMAMI M: Euthyroid sick or 'hyperthyroid sick'? 10A:113

KILNER JF*: Medical ethics grand rounds: brain death in a murder victim: a medicolegal dilemma. 4:251

KIMM JA, DAVID AK, DEMARIA AN, GRAY LA Jr, LEIGH JP, ENGELBERG J: Integrative clinicopathological conference: myocardial deterioration in a young mother. 3:215

KITABCHI AE, GOODMAN RC: Hypoglycemia: pathophysiology and diagnosis. 11A:45

KLEEMAN CR*: Hypercalcemia: pathophysiology and treatment. 7:93

KLEIN KL, HOLLOWAY JD, GLASSER SP: Paradoxical response to arrhythmia therapy. 10:225

KNOCHEL JP: Etiologies and management of potassium deficiency. 1:153

KOFF RS: Fulminant hepatitis due to HBV/HDV coinfection. 11:123

KOHRMAN BD, WARFIELD CA: Eye pain: ocular and nonocular causes. 12:33

KOLLER M, BAUMGARTNER D: Four misdiagnoses of acute abdominal pain in a young woman. 8:236

KOMAROFF AL: 'Chronic mononucleosis' syndromes. 5A:71

KOPELMAN RI*: (*see* Clinical Problem Solving)

KRAUS RK*: Integrative clinicopathological conference: impaired physician. 2:58A

KREISBERG RA: Hypercholesterolemia: dietary and pharmacotherapy. 4:197

KUGLER S*: 30-year-old woman with 70 hospitalizations. 2:74

KURTZMAN NA: Renal tubular acidosis: a constellation of syndromes. 11:173

LARSEN GL: Pulmonary late-phase response. 11:155

LAZERSON J*: Apneic infant with blood in his eyes. 10:169
Stupor, stiff neck, and fever after closed-head injury. 3A:137
Vaginal discharge in a two-month-old infant. 10A:38

LEHMAN LB: Coma in the elderly: evaluation and treatment. 6:136

LEIBOWITZ HM*: Elderly patient with cataract. 3A:19

LEIGH JP*: Integrative clinicopathological conference: myocardial deterioration in a young mother. 3:215

LEVEY GS: Hypothyroidism complicated by angina pectoris. 8:125

LEVINE MM, KLEEMAN CR: Hypercalcemia: pathophysiology and treatment. 7:93

LEVINE RA, WEYMAN AE: Echocardiography in ventricular and valvular disease II. 1:131

LIMAYE RD*: 'Elephant man' with severe hypertension. 11:193

LIN CK: Pernicious anemia that 'disappeared.' 1A:39

LITTMAN A: Lactase deficiency: diagnosis and management. 1A:111

LOUTZENHISER R, EPSTEIN M: Calcium antagonists and the kidney. 1:63

LUCAS BA, CLARK DB, BELAK AG Jr, HIGH DM, COWEN D, KILNER JF, ENGELBERG J, RAM MD: Medical ethics grand rounds: brain death in a murder victim: a medicolegal dilemma. 4:251

LUKE RG*: Pathophysiology of metabolic alkalosis. 10:123

LYNCH JH*: Renal cell carcinoma. 2:59

MCFALLUM RW: Spectrum of esophageal motility disorders. 12:71

MCCARTY DJ: Intractable gouty arthritis. 6:191

MACDONALD JS: New approaches to management of colorectal carcinoma. 5:185

MCGEE ZA, GORBY GL: Diagnostic value of fever patterns. 10A:103

MAKE BJ, PAINE R: Pulmonary rehabilitation for COPD patients. 1A:26

MARCIANO P*: Gonadal failure in a short teenage girl. 3:77

MARSHALL BJ: Peptic ulcer: an infectious disease? 8:87

MARSHALL JR: Hyperventilation syndrome or panic disorder—what's in the name? 10:105

MATZ R: Humanism in medicine. (essay) 4:37
Obesity: an eclectic review. 2:152A

MAUER AM: Acute lymphoblastic leukemia in a young adult. 9:145

MEEROFF JC, ROGERS AJ: Management of gastroesophageal reflux: an algorithm. 9:165

MENEFEE JR*: Pathophysiology of Graves' disease. 5:147

MINNEFOR AB, OLESKE JM: IV-immune globulin: efficacy and safety. 10:171

MITCHELL EB*: Dust mite allergy: its clinical significance. 9:91

MOROWITZ HJ: Afternoon session. (essay) 9:199
Albertus Magnus. (essay) 2:233
Dirty Neoplatonists. (essay) 8:27
Kraken. (essay) 5:263
Madame Pele. (essay) 3:213
Nameless terrors. (essay) 4:75
Past, present, future. (essay) 11:209
Roots of an American tail. (essay) 6:310
Rose by any other name. (essay) 10:219
Six hundred sixty-six minus sixty. (essay) 7:23
Sport of eggheads. (essay) 1:102Y
Vital records of Athol. (essay) 12:16

MUNDY GR: Ectopic hormonal syndromes in neoplastic disease. 4:179

MURRAY BJ: Healthy young woman with sudden, severe abdominal pain. 10A:67

NAHUM DD*: Integrative clinicopathological conference: impaired physician. 2:58A

Subject Index

A

ABDOMINAL PAIN
Alcoholic woman with acute abdominal pain. Danowitz, 3:104
Four misdiagnoses of acute abdominal pain in a young woman. Koller, Baumgartner, 8:236
Healthy young woman with sudden, severe abdominal pain. Murray, 10A:67

AIDS
AIDS and hemophilia: a cruel paradox. (editorial) Fisher, 4:15
Cruel paradox of AIDS: a letter and a reply. (editorial) Fisher, 6:13
Differential diagnosis of jaundice. Zimmerman, Deschner, 5:99
Lessons for the control of AIDS. (essay) Weller, 11:41
Toward a national AIDS prevention strategy. (editorial) Joseph, 8:15

ALCOHOLISM
Alcoholic student on a beer and vomiting binge. Stroh, 7:187. *See also* letter 11:16
Alcoholic woman with acute abdominal pain. Danowitz, 3:104
Integrative clinicopathological conference: impaired physician. Clark, Kraus, Nahum, Hyde, Costich, Bissell, Engelberg, 2:58A
TB and its fellow travelers. Sutton, 10A:75

ALLERGY *see* *ALLERGY AND IMMUNOLOGY SERIES*; ASTHMA; *LATE-PHASE RESPONSE SERIES*

ALLERGY AND IMMUNOLOGY SERIES
Dust mite allergy: its clinical significance. Platts-Mills, Mitchell, Chapman, Heymann, 9:91. *See also* letter 11A:21
Newer concepts in otitis media. Fireman, 11A:85

ALZHEIMER'S DISEASE
Alzheimer's disease: an age-old problem. Rousseau, 1:163
Mini-Mental State Exam in clinical practice. Rovner, Folstein, 1A:99

AMYLOIDOSIS
Elderly man with shoulder pain, dyspnea. Simkins, Altus, 4:139

ANEMIA
Pernicious anemia that 'disappeared.' Lin, 1A:39

ANGINA PECTORIS *see* VASCULAR DISORDERS

ANTICOAGULANTS
Venous thrombosis and pulmonary embolism. Wessler, 12:159

ANTIMICROBIAL THERAPY
Stupor, stiff neck, and fever after closed-head injury. Cope, Carlile, Lazerson, 3A:137

ARRHYTHMIAS
Arrhythmia that converted spontaneously in the ER. Chokhavatia, Galliano, 7:241
Bigeminy in a preoperative ECG. Hancock, 1:57. *See also* letters 6:18
Irregular rhythm in a preemployment examination. Hancock, 8:81
Paradoxical response to arrhythmia therapy. Klein, Holloway, Glasser, 10:225
Pauses in rhythm during antiarrhythmic therapy. Hancock, 7:87
Ventricular arrhythmias: to treat or not to treat? (editorial) Graboys, 11A:7 (1986). *See* letter 3A:16 (1987)
What kind of AV dissociation? Hancock, 6:75

ASTHMA
Acute severe asthma—the late-phase reaction and the continuing challenge. (editorial) Bukantz, 11:10 (1986). *See* letter 2:24 (1987)
Continuity of care in asthma management. Cherniack, 9:119
Dust mite allergy: its clinical significance. Platts-Mills, Mitchell, Chapman, Heymann, 9:91. *See also* letter 11A:21
Late-phase reaction and its clinical implications. Kaliner, 10:73
Pulmonary late-phase response. Larsen, 11:155

AUTOIMMUNE DISORDERS
Cardiac tamponade in a healthy young woman. Holloway, Garcia, Espinosa, 7:128
Cyclosporine: a double-edged sword. Keown, Stiller, 5:207
Pathophysiology of Graves' disease. Pittman, Menefee, 5:147
Sudden painless vision loss and retinal artery occlusion. Sidorov, 5A:97. *See also* letters 10A:16
Type I diabetes: clinical implications of autoimmunity. Eisenbarth, 9:167

B

BACK PAIN
Back pain and a nonproductive cough. Danowitz, 9:51
Patient with low back pain. Hadler, 10A:17
Three cases: clinical clues and red herrings. Gorelick, Greenberg, 8:245

BONE DISORDERS *see also* FRACTURES; OSTEOPOROSIS
Foot pain—from bad shoes to aberrant genes. Wood, Warfield, 9A:107
in Hypercalcemia: pathophysiology and treatment. Levine, Kleeman, 7:94. *See also* letter 9:16
in Paraneoplastic syndromes. Ihde, 8:110
Temporomandibular joint syndrome. Gorman, Warfield, 5:134

C

CALCIUM
Bilateral lung infiltrates in a dialysis patient. Schwab, Tonner, Burenko, Alberts, 6:318
in Ectopic hormonal syndromes in neoplastic disease. Mundy, 4:187
Hypercalcemia: pathophysiology and treatment. Levine, Kleeman, 7:93. *See also* letter 9:16
Magnesium deficiency: causes and effects. Flink, 2:116A. *See also* letter 5A:16
in Paraneoplastic syndromes. Ihde, 8:110
Primary hyperparathyroidism: recognition and management. Avioli, 9A:69

CALCIUM ANTAGONISTS
Calcium antagonists and the kidney. Loutzenhiser, Epstein, 1:63

CANCER *see also* *CANCER: PROGRESS AND PROSPECTS*; CANCER THERAPY
Acute lymphoblastic leukemia in a young adult. Mauer, 9:145
Back pain and a nonproductive cough. Danowitz, 9:51
Bowel obstruction in 'burned out' Crohn's. Kandel, Prokipchuk, 7:142
Carcinoma of the pancreas. Patel, Thomas, 3:131
Case for causal reasoning. Kassirer, Kopelman, 2:25
Current strategies in operable breast cancer. Deckers, 1A:41
Dyspepsia: the broad etiologic spectrum. Donaldson, 9A:41
Early detection of head and neck cancer. Prout, 11A:111
Ectopic hormonal syndromes in neoplastic disease. Mundy, 4:179
'Elephant man' with severe hypertension. Trowers, Reddy, Roberts, Johnson, Limaye, Reddix, 11:193
Euthyroid sick or 'hyperthyroid sick'? Kerlikowske, Fitzgerald, Hammami, 10A:113
Evaluation and treatment of testicular cancer. Hesketh, 9A:87
Excessive fatigue in a young man with refractory ulcerative colitis. Strum, 9:102
How lymphocytes kill tumor and other cellular targets. DiNome, Young, 5A:59
in Hypercalcemia: pathophysiology and treatment. Levine, Kleeman, 7:98. *See also* letter 9:16
in Itching as a manifestation of noncutaneous disease. Bernhard, 1A:86
in Periodic health examination. Caldroney, 7:194
Pharmacologic treatment of cancer pain. Warfield, 10:93
Renal cell carcinoma. Rotolo, O'Brien, Lynch, 2:[illegible]9
TB and its fellow travelers. Sutton, 10A:75

CANCER: PROGRESS AND PROSPECTS
Bone marrow transplantation in hematologic malignancies. Thomas, 2:77
Combined treatment approaches to soft tissue sarcomas. Rosenberg, 7:151
Diagnosis and management of ovarian cancer. DiSaia, 4:235. *See also* letter 7:19
Management of localized breast cancer. Harris, 10:61 (1986). *See* letter 3:21 (1987)
New approaches to management of colorectal carcinoma. Macdonald, 5:185. *See also* letter 9A:16
Paraneoplastic syndromes. Ihde, 8:105
When cancer information is needed PDQ. Hubbard, 10:84

CANCER THERAPY *see also* *CANCER: PROGRESS AND PROSPECTS*; IMMUNOSUPPRESSION; LEUKEMIA
Emergence of biologicals as cancer treatment: the good news and the bad. (editorial) DeVita, Roper, 2:15
in Expanding uses of therapeutic endoscopy. Waye, 8:154
Judging causality. Kassirer, Kopelman, 10:43. *See also* letter 12:14

CARDIAC FAILURE
Echocardiography in ventricular and valvular disease II. Levine, Weyman, 1:181
Physiologic approach to the treatment of heart failure. Katz, 2:117. *See also* letter 4:16

CARDIOVASCULAR DISORDERS *see also* ARRHYTHMIAS; *CARDIAC FAILURE*; CORONARY ANGIOPLASTY; *ECG CASEBOOK*; ECHOCARDIOGRAPHY; HYPERTENSION; MYOCARDIAL INFARCTION; VASCULAR DISORDERS
in Art and science of percussion. Parrino, 9A:27

Cardiac tamponade in a healthy young woman. Holloway, Garcia, Espinoza, 7:128

Cardiovascular risk factors and 'preventive management.' Kannel, 10:147

Disabling chest pain in search of a diagnosis. Robie, 11A:37

Diuretic mechanisms as a guide to therapy. Thier, 6:81

Early diagnosis of congestive heart failure. Warren, 5A:43

Euthyroid sick or 'hyperthyroid sick'? Kerlikowske, Fitzgerald, Hammami, 10A:113

Integrative clinicopathological conference: myocardial deterioration in a young mother. Kimm, David, DeMaria, Gray, Leigh, Engelberg, 3:215. *See also* letter 5A:16

Long, thin infant with congestive heart failure. Agarwala, 9:190

Mitral valve prolapse: the unresolved questions. Schatz, 3A:39. *See also* letter 9A:21

Multiple drug use in an elderly man. Bressler, 7:111

Respiratory distress in man with prosthetic valve. Patel, Goldman, 5:256

Right ventricular failure in COPD—a 'physical' illusion. Constant, 10A:94

Second-degree heart block after spontaneous abortion. Danowitz, 4:29

Slow pulse and systolic murmur in a healthy toddler. Schindler, 10:55

CEREBROVASCULAR DISORDERS

Complex arrhythmia in a comatose patient. Hancock, 3:57

Management of transient ischemic attacks. Dobkin, 3:113

in Mitral valve prolapse: the unresolved questions. Schatz, 3A:55. *See also* letter 9A:21

Three cases: clinical clues and red herrings. Gorelick, Greenberg, 8:245

CHEMOTHERAPY *see* CANCER THERAPY

CHILD ABUSE

Apneic infant with blood in his eyes. Noorda, Carlile, Lazerson, 10:169

CHOLESTEROL *see* LIPID METABOLISM

CLINICAL PROBLEM SOLVING (Kassirer, Kopelman)

Case for causal reasoning. 2:25

Clinical cognition 101. 5:57

Critical role of context in the diagnostic process. 8:67

Derailed by the availability heuristic. 6:59

Fatal flaw in Sutton's law. 4:65 (1986). *See* letter 3:21 (1987)

It's what you believe that counts. 3:37

Judging causality. 10:43. *See also* letter 12:14

Leaving no stone unturned. 1:18

Modern medical Descartes. 9:17

Post hoc, ergo propter hoc. 7:69

Seemingly simple decision. 11:19

Surgeon opts to operate: why? 12:53

Tolerating uncertainty. 4:21

CLINICAL SKILLS EXCHANGE

Art and science of percussion. Parrino, 9A:25

Diagnostic value of fever patterns. McGee, Gorby, 10A:103

Evaluation of the neck veins. Ewy, 3A:72

COMA *see also* NEUROLOGIC DISORDERS

Coma in the elderly: evaluation and treatment. Lehman, 6:136

CONNECTIVE TISSUE DISORDERS

Evaluating and treating the patient with neck pain. Gilbert, Warfield, 8:223

Heritable defects in connective tissue. Pyeritz, 2:153

Long, thin infant with congestive heart failure. Agarwala, 9:190

'Mask of lupus.' Townes, 11A:93

CONTRACEPTION

Medical aspects of contraception. Goldzieher, Poindexter, 3A:93

CONVERSATIONS IN MEDICINE (Weisse)

Sir George White Pickering, D.M. 12:185

Willem J. Kolff, M.D., Ph.D. 11:81

William Dock, M.D. 8:43

CORONARY ANGIOPLASTY

Current status of coronary angioplasty. Faxon, 3A:59

CORTICOSTEROIDS

Selecting an appropriate NSAID. Foley, Warfield, 4:54

CYCLOSPORINE

Cyclosporine: a double-edged sword. Keown, Stiller, 5:207

D

DEMENTIA *see* ALZHEIMER'S DISEASE

DEPRESSION

Derailed by the availability heuristic. Kassirer, Kopelman, 6:59

DIABETES

Defense of euglycemia: failure in insulin-dependent diabetes. Cryer, 3:81. *See also* letter 6:18

Diabetic baby who got better. Schindler, Pleasure, 4:289

Genetics of diabetes. Rotter, Rimoin, 5:79

DIAGNOSTIC TECHNIQUES *see also CLINICAL PROBLEM SOLVING; CLINICAL SKILLS EXCHANGE;* IMAGING TECHNIQUES

Diagnostic riddle. Taylor, 5:220

Echocardiography in ventricular and valvular disease II. Levine, Weyman, 1:131

Endoscopic sclerotherapy: the state of the art 1987. (editorial) Conn, 11A:9

in Late-phase response to food in atopic dermatitis. Sampson, 12:111

Periodic health examination. Caldroney, 7:189

Psychological testing of patients in pain. Covino, Warfield, 6:39

Screening for open-angle glaucoma in a primary care setting. Skolnik, 9A:57

Serologic evaluation of viral hepatitis. Hollinger, 2:101

DIARRHEA

Clinical cognition 101. Kassirer, Kopelman, 5:57

Tolerating uncertainty. Kassirer, Kopelman, 4:21

DRUG ABUSE

Neurologic complications of intravenous drug abuse. Rubin, 4:279

E

ECG CASEBOOK (Hancock)

Angina pectoris and a slow bigeminal rhythm. 2:97

Bigeminy in a preoperative ECG. 1:57. *See also* letters 6:18

Cardiomyopathy with a multiple infarct pattern. 10:67

Complex arrhythmia in a comatose patient. 3:57

Cyanotic heart disease with left axis deviation. 11:57

Irregular rhythm in a preemployment examination. 8:81

Ischemic T waves in a football player. 12:105

Low voltage in a trauma victim. 9:57. *See also* letters 12:14

Pauses in rhythm during antiarrhythmic therapy. 7:87

Supraventricular tachycardia after coronary bypass surgery. 5:73

What is the cause of incomplete right bundle branch block? 4:81

What kind of AV dissociation? 6:75

ECHOCARDIOGRAPHY

Echocardiography in ventricular and valvular disease II. Levine, Weyman, 1:131

EDEMA

Case for causal reasoning. Kassirer, Kopelman, 2:25

EDITORIALS

Acute severe asthma—the late-phase reaction and the continuing challenge. Bukantz, 11:10 (1986). *See* letter 2:24 (1987)

AIDS and hemophilia: a cruel paradox. Fisher, 4:15
